This file features Dental Hygienists and Dental Assistants. These preventive oral-health professionals provide educational, clinical, and therapeutic services to the public. They perform many critical services that detect, prevent and treat diseases of the mouth.

Dental Hygienists examine patients for signs of oral diseases, such as gingivitis, and provide preventive care, including oral hygiene. Nearly all dental hygienists work in dentists' offices, and many work part time.

Dental Assistants provide patient care, take x rays, keep records, and schedule appointments. Almost all dental assistants work in dentists' offices full time.

Reach Dental Hygienists and Dental Assistants for offers on Seminars, Subscriptions, Books, Recruitment and any other Dental related offer.

The Dental Hygienists and Dental Assistants is NCOA'd Quarterly.
